

MIKE U'REN

Vice President/Sales & Marketing

CAREER HIGHLIGHTS

Years of Construction Experience - 41

Michael U'Ren, part owner and Vice President of Everstrong Construction, Inc. has worked in fifteen states from Virginia to California to Alaska during his thirty-nine years in construction. Experiences gained from time spent in different regions of the country and the challenges that any particular region presents, as well as being exposed to a unique population of clients, are reflected in his ability to envision past the expected. His interpretation skills and conceptual capabilities are exceptional. Imparting knowledge he's gained from attending numerous contractor seminars, including a national conference on radon mitigation, has contributed to Everstrong's success. Education and keeping abreast of what's new has become part of Mike's executive role at Everstrong Construction.

ROLE AT EVERSTRONG CONSTRUCTION

Years with Everstrong Construction – 26

Mike's main focus within Everstrong is marketing and new job development. In addition to his marketing and sales roles, Mike also provides project support working closely with his brothers, Pete and Paul, from concept to completion.
