

## **PETE U'REN**

President/Project Manager

### **CAREER HIGHLIGHTS**

#### **Years of Construction Experience - 36**

As Everstrong's president, Peter U'Ren has adeptly led the company through the many challenges that have faced general contractors the past twenty-four years. His ability to assess present market trends and the foresight to diversify as needed has made him the key component to Everstrong's growth from a fledgling business in 1984 to the multi-million dollar a year business it has become. Pete, part owner of Everstrong Construction, Inc., possesses innate networking talents as well as unrivaled logistics capabilities, both contributing to optimally efficient jobsites benefiting all.

### **ROLE AT EVERSTRONG CONSTRUCTION**

#### **Years with Everstrong Construction – 26**

Pete's main responsibility is to see that the project is getting done. He plays an overall project manager role in making sure materials, supplies, and equipment are available on site for the crews, works with subcontractors coordinating schedules and work sequences, coordinates schedules with clients/owners, and other tasks as needed to ensure a successful project. Pete also lends his talents in assisting his brother, Paul, with putting prices together for budgets and proposals.
